

# AMYNA

A PLATFORM FOR DEFENSE INNOVATION

## Become a Partner to AMYNA

With AMYNA – A Platform for Defense Innovation – we are accelerating the pace of innovation in the defense sector. In a world marked by rising instability and declining democracy, Europe is urgently working to modernize its defense capabilities to safeguard independence and sovereignty. AMYNA contributes to this mission by driving the development of defense solutions; faster, smarter, and more agile.

### Uniting Startups, Industry, Academia and Government

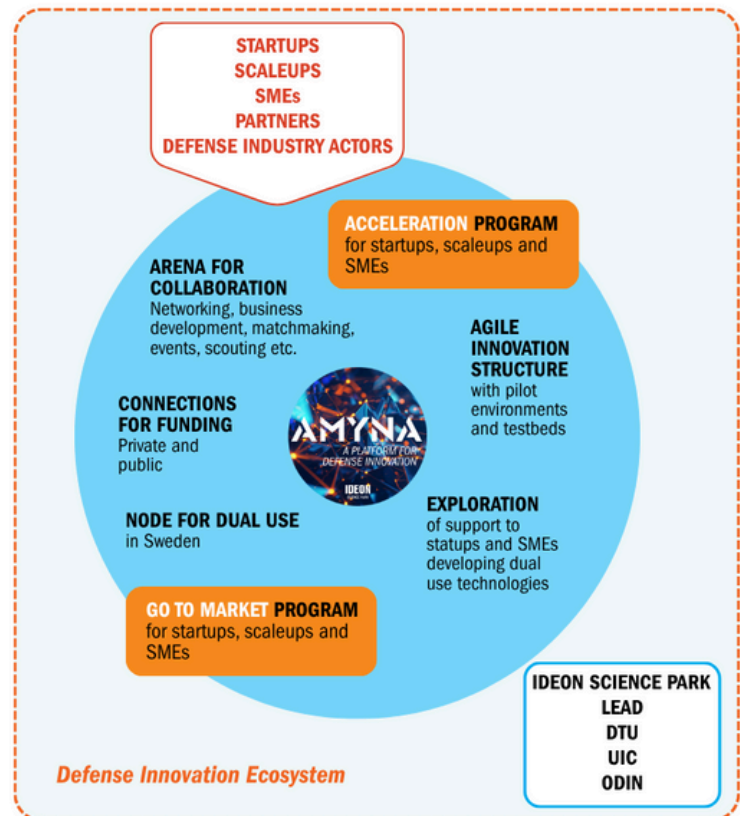

- AMYNA tackles today's security challenges by enabling collaboration between defense actors and commercial players to accelerate innovation, develop new technologies, and foster business growth.
- AMYNA helps increase the number of dual-use and defense innovations that successfully reach the market, while also guiding startups, scaleups, and SMEs in securing funding and contracts within Sweden's defense sector.

## Your Gains as a Partner

- Get access to pioneering technology
- Strengthen your company as an innovation leader
- Get access to new talent and expertise
- New business opportunities and strategic collaborations
- Develop faster at lower costs

## Who Can Become a Partner?

- Companies/enterprises & investors
